

Amendments to the Specification:

Please amend the specification as follows:

Please replace the paragraph starting at page 6a, line 1, with the following:

In the embodiment of Fig. 4, the inner sides 27, 28 ~~27, 29~~ of the lateral ends 2, 3 are provided with transparent woven fabric layers 34, 35. The fabric layers 34, 35 extend obliquely downward from the inner sides 27, 28 of the lateral ends 2, 3 of the airbag 1 and are connected to the airbag in the central section of the airbag 1.
